

HARC- 2m Simplex Sprint Event
LOG SHEET
 Sat, June 18, 2016 1800-2100 CDT

| | | | |
|-----------------------------------|--|--------------------------------|----------|
| Log Submission Information | | Total QSO's | 0 |
| Name | | # of Distinct Zip Codes | 0 |
| Callsign | | Power multi | 0 |
| Address | | Total Points | 0 |
| City | | | |
| State | | | |
| Zipcode | | | |
| E-mail | | | |

Logging Instructions

1) Don't camp on one frequency and call endless CQs.

Setup

1) Fill out log submission information above.

2) On the next tab "2m Log Sheet" enter your power in watts in the red bordered cell

3) Fill in your initial operating zip code in the green bordered cell

For each contact made:

1) Enter the contact station's call sign, frequency, and zipcode. Callsigns may text complete if from a previous contest.

2) Enter the contacted station's contact number.

3) The time of the contact will be automatically calculated when the received contact number is entered.

4) Your operating zipcode will automatically be copied to the next line at the same time. This number can be overwritten with a new one if you move to another location.

Bring your log sheet to the Jul 8 HARC meeting, mail or email to mdsmith@hiwaay.net

The columns in GREY are calculated automatically
