

Huntsville Amateur Radio Club

Meeting Schedule Updated

Everyone,

We were informed at Friday's HARC meeting by Bob Friend that we could still meet at the Red Cross building on Washington Street since the Red Cross move has been delayed. So we have decided to start meeting back at the Red Cross building starting October 5th at 7:30 PM. This will save the club money and hopefully be less confusing on where and what time we will be meeting every week. Thank you for being patient with us during this transition period.
