

This is generic info on Club Shirts.

What we call “**The Event Shirt**” is the yellow seen in photos (65/35 mix). This same color does not come with a pocket. The lettering on the back is done by hot press of screen ink on a pre-printed sheet. 20 sets have already been paid for by a club member. After they are gone, someone else will have to come up with \$90 for another set of 20. For now, they are available but **ONLY** for the yellow event shirt or **WHITE** event shirt with pocket if you have to have a pocket.

You **CAN** get this yellow shirt with just the front stitching on the front anytime you want to order one. They will take single orders for just front of shirt stitching.

NOTE, you will get First Name & call on LEFT chest and logo on right if with a pocket. Shirts without pockets will have logo where the pocket would be and ONLY your first name and callsign on the right chest. This is the way they will come. All CAPS on name unless you have a LONG first name. Discuss with manager if you need mixed case. No variations. You should call to place your order and wait till later in the summer when payment online may be available. Do NOT do a credit card order from web site.

The Pocket (add \$3) version does not come in “sunflower” yellow, but comes in pocket standard shirt - 65/35 in white, black, burgundy, coffee bean, cool gray, dirt, forest green, navy blue, orange, red, royal blue, stone (gray) ultramarine blue (lighter) For your personal shirt you can get any color, short or long sleeve with just the stitching of call & name on pocket side and HARC logo on other side.

Also IMPORTANT: Stitching Thread Color. Normally Black for light shirts and White for dark shirts, but you can get a very limited “small crayon box colors” of stitching, such as Red, Blue, Green and a couple more. Specify when you talk to CARL the manager/owner.

Price list follows this page. They can be ordered one at a time whenever you want to buy one. Please feel free to contact Carl directly. He is the store owner and will work with you. They already have the logo digitized and can stitch it onto ANY shirt you want to purchase in ANY color that shirt type comes in.
